INFORMATION DISCLOSURE STATEMENT TRANSMITTAL

Sir:

In accordance with Applicant's continued duty of disclosure, the documents on the attached Form PTO-1449 are brought to the Examiner's attention. Copies of the non-US patent documents are enclosed.

DE20216396U1 discloses a powered assembly (40) which bevels or shapes the outer margin (12) of a hard material such as glass or ceramics (10). In operation the grinding or polishing tool (14) is cooled by a fluid such as gas or water. The cooling unit has a cooling ring (24) with jet holes (26) around the tool (14). The rotating tool (14) moves the jets around an axis of rotation (18) to present the jets (26) at two discrete acute angles (30, 34) to the work piece.

DE1566274A1 discloses a dental drill wherein driving air is discharged toward the drill bit.

The undersigned hereby certifies that each item of information contained in the information disclosure statement was first cited in any communication from a foreign patent office in a counterpart foreign application not more than three months prior to the filing of the information disclosure statement.

The undersigned submits the above-identified references for independent consideration by the Examiner and does not make any admission that these references are or are not material to the present invention or that these references are or are not prior art with respect to the present invention.

No fee is believed to be due as a result of this response. Should the Commissioner determine that a fee is due, he is hereby authorized to charge said fee to the Deposit Account of record.

Respectfully submitted,

Brian J. Schwartz et al.
